

NOEP 2023 NCC Codes

NOEP 2023 Modules	Nursing Contact Hours Awarded Upon Completion	NCC Codes
Module 1: Families in Crisis	2.25	INP - Postpartum (Code 4) LRN - Physical Assessment and General Management (Code 2) MNN - Maternal Postpartum Assessment, Management and Complications (Code 2) NIC - General Assessment (Code 1) NNP - General Management (Code 3)
Module 2: Transition to Extruterine Life	3.25	INP - Newborn (Code 5) LRN - Physical Assessment and General Management (Code 2) MNN - Newborn Assessment, Management and Complications (Code 3) NIC - Physiology and Pathophysiology (Code 2) NNP - Physiology and Pathophysiology (Code 2)
Module 3: Physical Assessment	3.50	INP - Newborn (Code 5) LRN - Physical Assessment and General Management (Code 2) MNN - Newborn Assessment, Management and Complications (Code 3) NIC - General Assessment (Code 1) NNP - General Management (Code 3)
Module 4: The Respiratory System	4.75	INP - Newborn (Code 5) LRN - Assessment and Management of Pathophysiological Conditions and Neonatal Complications (Code 3) MNN - Newborn Assessment, Management and Complications (Code 3) NIC - Physiology and Pathophysiology (Code 2) NNP - Physiology and Pathophysiology (Code 2)
Module 5: The Cardiovascular System	3.00	INP - Newborn (Code 5) LRN - Assessment and Management of Pathophysiological Conditions and Neonatal Complications (Code 3) MNN - Newborn Assessment, Management and Complications (Code 3) NIC - Physiology and Pathophysiology (Code 2) NNP - Physiology and Pathophysiology (Code 2)
Module 6: The Gastrointestinal System	2.00	INP - N/A LRN - Assessment and Management of Pathophysiological Conditions and Neonatal Complications (Code 3) MNN - Newborn Assessment, Management and Complications (Code 3) NIC - Physiology and Pathophysiology (Code 2) NNP - Physiology and Pathophysiology (Code 2)
Module 7: Metabolic and Nutritional Support	2.00	INP - N/A LRN - Physical Assessment and General Management (Code 2) MNN - Newborn Assessment, Management and Complications (Code 3) NIC - General Assessment (Code 1) NNP - General Management (Code 3)
Module 8: Renal and Endocrine Disorders	2.25	INP - N/A LRN - Assessment and Management of Pathophysiological Conditions and Neonatal Complications (Code 3) MNN - Newborn Assessment, Management and Complications (Code 3) NIC - Physiology and Pathophysiology (Code 2) NNP - Physiology and Pathophysiology (Code 2)
Module 9: Hematology and Immunology	3.25	INP - N/A LRN - Assessment and Management of Pathophysiological Conditions and Neonatal Complications (Code 3) MNN - Newborn Assessment, Management and Complications (Code 3) NIC - Physiology and Pathophysiology (Code 2) NNP - Physiology and Pathophysiology (Code 2)

Module 10: The Neurologic System	1.75	INP - Newborn (Code 5) LRN - Assessment and Management of Pathophysiological Conditions and Neonatal Complications (Code 3) MNN - Newborn Assessment, Management and Complications (Code 3) NIC - Physiology and Pathophysiology (Code 2) NNP - Physiology and Pathophysiology (Code 2) NNIC - Neonatal Neuro-Intensive Care (Code 20) ELBW - Care of the Extremely Low Birth Weight Neonate (Code 7)
Module 11: Issues Affecting the Late Preterm Newborn	1.75	INP - Newborn (Code 5) LRN - Assessment and Management of Pathophysiological Conditions and Neonatal Complications (Code 3) MNN - Newborn Assessment, Management and Complications (Code 3) NIC - Physiology and Pathophysiology (Code 2) NNP - Physiology and Pathophysiology (Code 2)
Module 12: Newborn Skin and Skin Care	1.75	INP - N/A LRN - Assessment and Management of Pathophysiological Conditions and Neonatal Complications (Code 3) MNN - Newborn Assessment, Management and Complications (Code 3) NIC - Physiology and Pathophysiology (Code 2) NNP - Physiology and Pathophysiology (Code 2) ELBW - Care of the Extremely Low Birth Weight Neonate (Code 7)
Module 13: Lactation Support in the NICU	2.50	INP - Postpartum (Code 4) LRN - Physical Assessment and General Management (Code 2) MNN - Maternal Postpartum Assessment, Management and Complications (Code 2) NIC - General Assessment (Code 1) NNP - General Management (Code 3)
Module 14: Neonatal Procedures	2.75	INP - N/A LRN - Physical Assessment and General Management (Code 2) MNN - Newborn Assessment, Management and Complications (Code 3) NIC - General Assessment (Code 1) NNP - General Management (Code 3)
Module 15: Developmental Care and Management of Pain	2.25	INP - N/A LRN - Assessment and Management of Pathophysiological Conditions and Neonatal Complications (Code 3) MNN - Newborn Assessment, Management and Complications (Code 3) NIC - Physiology and Pathophysiology (Code 2) NNP - Physiology and Pathophysiology (Code 2)
Module 16: Genetic Disorders and Congenital Anomalies	2.25	INP - N/A LRN - Assessment and Management of Pathophysiological Conditions and Neonatal Complications (Code 3) MNN - Newborn Assessment, Management and Complications (Code 3) NIC - Physiology and Pathophysiology (Code 2) NNP - Physiology and Pathophysiology (Code 2)

NCC Certification Key:

INP - Inpatient Obstetric Nursing
LRN - Low Risk Neonatal Intensive Care Nursing
MNN - Maternal Newborn Nursing
NIC - Neonatal Intensive Care Nursing
NNP - Neonatal Nurse Practitioner
NNIC - Neonatal Neuro-Intensive Care
ELBW - Care of the Extremely Low Birth Weight Neonate
